GLAD OF DELIVERANCE

From the Filipino Army Are Inhabitants South of Manilla.

SUCCESS OF LAWTON'S MEN

In Cavite Province Is Reported by General Otis to Be Greater Than at First Appeared—Enemy's Artillery Captured.

Washington, June 15.—General Otis cabled the following from Manilla: "The success of Lawton's troops in Cavite province was greater than reported at first. Enemy, numbering over 4,000, lost in killed, wounded and captured, more than one-third; remainder much scattered, have retreated south to Imus, their arsenal; of five pieces of artillery, three captured. Navy aided greatly on shore by landing forces occasionally. Inhabitants in that country rejoice at deliverance and welcome with enthusiastic demonstrations the arrival of our troops."

Re-enlisting Volunteers.

Washington, June 15.—Pursuing a policy determined upon some months ago General Otis is organizing three regiments in the Philippines, composed of officers and men of the volunteers who desire to remain in the service. The army bill authorized this kind of enlistment in the Philippines. If the full complement cannot be made up from these discharged volunteers in the Philippines the regiments will be organized and officered in skeleton form until recruits can be sent from the United States to the islands. General Otis and the volunteer officers in the Philippines have been consulting to see how many men will enlist. The number has not been very large as there seems to be a desire on the part of the volunteers to return to the United States with their organizations. These three proposed regiments with three regiments of regulars are to sail from San Francisco on the 23rd and 24th and those under orders for Manilla will give General Otis 33,000 fighting men.

Luna's Assassination Doubted.

Manilla, June 15.—Many people refuse to credit the stories of the assassination of General Luna at Aguinaldo's headquarters, though reports to that effect appear to come from good sources, and rumors of assassinations and disasters from the enemy's camp are so frequently printed in the local papers that they have come to be regarded with indifference. The latest is that the governor of Cebu has been assassinated because of his friendship to Americans. A prominent commercial man with exceptional means of learning of the Filipinos' movements, claims to know General Luna is still alive.

Food For Inhabitants.

Manilla, June 15.—The enemy have probably gone to mountains along the lake. According to native stories the enemy have carried 100 dead and 300 wounded through Bacoor after the recent battle. The natives are now flocking into Bacoor and it is probable there are many soldiers in plain clothes among them. The whole section is probably without food and Major General Otis has ordered the distribution of rice and beef to the inhabitants.

Prominent Filipino Murdered.

Washington, June 15.—The war department bulletins the following from Manilla: "Prominent Filipino, friendly to Americans, assassinated at Cebu. Inhabitants of that locality urgently requested American protection in stronger force. Have sent battalion of Tennessee regiment and two guns from Iloilo which insures peace. Hughes now in charge of affairs in that section."

Reinforcements For Lawton.

Manilla, June 15.—The Fourth regular infantry and the Wyoming regiment have been added to General Lawton's command, and they were towed across the bay in canoes to Las Pinas, preparatory to removing to Imus, five miles inland, where the enemy are reported to have an arsenal and a large quantity of supplies.

Spanish Prisoners Rescued.

Manilla, June 15.—Captain Cable, of General Wheaton's staff, with three companies of the Twenty-first regiment, reconnoitered in the direction of Imus. The enemy who were apparently expecting an attack, retired, leaving behind them 20 Spanish prisoners, who joined the Americans.

Span Again Wins.

London, June 15.—The new biennial stakes at Ascot were won by Caiman, ridden by Tod Sloan. The betting was 9 to 4 on Caiman. The U. S. ambassador, Joseph Choate, and Lieutenant Colwell, the U. S. naval attache, were in the society throngs that witnessed the race.

PRISONERS RELEASED.

Inmates of Workhouse at Xenia Treated to Open-Door Policy.

Xenia, O., June 15.—Because of the refusal of the city council to provide money for meeting the workhouse expenses, the board of directors of the workhouse passed a resolution ordering that all prisoners confined there should be released from custody and work on the stone pile indefinitely suspended. Twenty-eight prisoners will be released.

Strike at Cleveland.

Cleveland, O., June 15.—The sixth day of the street railway strike arrived without unusual incident. Cars on the Euclid avenue line are running at four-minute intervals and on the Wade park line a six-minute schedule is in operation. The company opened the Cedar avenue line with cars running at irregular intervals. The streets present their usual appearance and no crowds are collected at the car barns. There is nothing to indicate that a strike is on save the unusually large number of police on the streets. No disturbance is looked for. The men still deny that they intend to make overtures to the company.

Non-Union Men Attacked.

Cleveland, O., June 15.—At Rosedale avenue a crowd attacked a Euclid avenue car which was not guarded by police. The non-union conductor and motorman were savagely attacked with clubs, the former being left unconscious on the ground. The crowd, which numbered some 50 men, at once scattered and no arrests have been made. The victims, E. W. Newman and C. W. King, both came from Buffalo. The former is seriously injured.

President Thompson May Stay.

Oxford, O., June 15.—The culmination of the diamond anniversary jubilee of Miami university occurred when a class of 16 men was graduated and the Hon. Whitelaw Reid, of the class of 1856, delivered the commencement address upon "Our New Duties." This event marked a new era in this famous institution. The grounds and buildings and equipment have been improved, over \$100,000 being spent within three years. The trustees increased the salary of President W. O. Thompson to the amount offered by the Ohio State university at Columbus, O., and he may remain here.

Invitation of Ohio Society.

San Francisco, Cal., June 15.—The Ohio society of California will send to President McKinley an invitation engraved on a plate of gold, asking him to become the guest of that organization in this city. The society is already raising a fund for his entertainment, it being generally believed that the chief executive will visit the Pacific coast later in the year.

New Incorporations.

Columbus, O., June 15.—The Union Baptist church of Miami county, Staunton township; Scioto Literary and Social club, Scio, O.; Post Bros. Buggy company, Columbus, capital stock \$25,000; the Bridge Structural Iron Workers' Union of Ohio No. 1, Cleveland.

PROTRACTED STRUGGLE.

Deadlock Over Judgeship In Pennsylvania Convention Is Unbroken.

Harrisburg, Pa., June 15.—Judge Yerkes, of Bucks, and Kennery, of Allegheny, were the favorites in the contest for supreme court judge when the state Democratic convention re-assembled.

Judge Kennedy was the leader at the final ballot taken the previous night and the Bucks county judge was a close second. The convention balloted from 6 p. m. until 12:10 without making a nomination, 11 ballots being taken. After the supreme judgeship nomination has been made not much time will be consumed in naming candidates for state treasurer and judge of the superior court.

The chairman called the convention to order at 10:35 and without any preliminaries the secretary proceeded to call the roll for the 12th ballot. The result showed very little change from the previous balloting. Yerkes lead Kennedy by two votes, but both lost a few votes as compared with the previous ballots.

After the eighteenth ballot, which resulted in no nomination, the convention recessed till 3 p. m.

When the convention took a recess Judge Mestrel seemed to be slowly rallying the western delegates to his standard, but his managers have not been able to break into the Allegheny delegation, which cast its 30 votes on every ballot for Judge Kennery, of Pittsburgh.

Young McTaggart Enlists.

Coffeyville, Kas., June 15.—Among the men enlisted for service in the regular army was Daniel McTaggart, Jr., son of the late Senator Daniel McTaggart and brother of Second Lieutenant McTaggart, of company G, Twentieth Kansas regiment, who was killed a short time ago while in a charge near Calumet. Young Taggart will go to the Philippines.

THE FORMAL MEETING

If Venezuelan Arbitration Commission Occurs at Paris.

WELCOMED BY M. DELCASSE.

The Arbitrators Occupy the Same Magnificent Quarters In Which Commission of Spanish-American War Met.

Paris, June 15.—The first formal meeting of the Venezuela arbitration commission opened here. The weather was cool and sky clouded.

The arbitrators, counsel and others began assembling at the foreign office shortly before 11 a. m. They were received by the minister of foreign affairs, M. Delcasse, in the apartment in which the tribunal will sit.

These are the rooms used at the meeting of the Spanish-American peace conference and during the Bering sea arbitration. The main room is an oblong chamber luxuriously decorated having rich mouldings on the walls and ceilings, and heavy gilt ornaments relieved by frescos in light.

The ceiling is light blue and in its center are magnificent gilt characters. On a raised dais at the end of the room facing the entrance, are five massive gilt armchairs for the arbitrators, with a table in front of them.

A large colored map of the disputed territory hangs on the wall to the right of the arbitrators, with a smaller map of the whole of South America near.

Altogether there were about forty persons connected with the tribunal. The arbitrators and most of the staffs were dressed in frock coats.

Not Many Spectators.

There were less than a dozen spectators in the portion of the apartment roped off for the general public and half a dozen ladies, including Mr. Benjamin Harrison and others belonging to the American party.

The arbitrators took their seats soon after 11 o'clock, Chief Justice Melville E. Fuller and Sir Richard Henn Collins, lord justice of appeals, sitting on the right of Professor De Martens, the umpire, and Baron Russell, of Killowen, lord chief justice of England, and Justice David J. Brewer sitting at his left and Former President Benjamin Harrison, General Benjamin F. Tracy and the remainder of the Americans sat at tables at the left side of the room facing the court and the other British representatives were seated at tables on the right side. A feature of the proceedings was that counsel used the desk which served during the Bering sea tribunal deliberations.

The proceedings opened at 11:20 when M. Delcasse briefly addressed the tribunal in French. He said it gave him special pleasure to welcome the high commission in behalf of the government of the republic, which, he added, was greatly pleased at the fact that Paris had been chosen for the gathering, among whom he saw such eminent men. Under the presidency of M. De Martens, who was universally acknowledged an authority on international law, their labors could not but result happily in the interest of the dispute and in the interests of humanity, for it would constitute another step towards the realization of the noble project which, launched from an industrial throne, was making rapid way into the conscience of the peoples and had thus imposed itself with singular force on the solicitude of those who govern them.

M. Delcasse concluded with thanking the arbitrators for having accepted the hospitality of France.

Prof. De Martens replied, thanking the French foreign minister for his welcome and for the hospitality extended to the arbitrators.

Referring to the work being done at the Hague in the matter of arbitration, he said the peace conference should be not merely to arrange a settlement of conflicts, but the avoidance of conflicts and expressed the hope that the present tribunal would have the result of promoting the welfare and prosperity for the two countries interested.

Sir Richard Webster thereupon rose and said that in order to meet the views of Former President Harrison and the other American counsel in which the English representatives concurred, it was proposed that they only meet four days in the week in view of the extremely heavy work before them.

Mr. Harrison said he thought there would be in four days enough work for ordinary men and he evoked a general smile, as looking around on the gathering of the most eminent jurists of Great Britain and America. "And," he added, "we are ordinary men."

Prof. De Martens thereupon agreed that four days per week would be sufficient, arranging that the arbitrators would not meet on Fridays, Saturdays or Sundays. Sir Richard Webster

asked, as Prof. Marten is going back to the Hague, what days does he propose to give us next week?

The professor replied that he hoped to give them two days during the latter half of next week and that he would write from the Hague on Sunday fixing the day of his arrival.

POINCARÉ ACCEPTS.

He Will Take the War Portfolio In the New Ministry.

Paris, June 15.—M. Poincaré informed President Loubet that he would accept the task of forming a cabinet.

He will take the war portfolio in addition to presidency of the council.

Desired Another Kind of Republic.

Paris, June 15.—The persons arrested in connection with the riots at Antenil, June 4, when President Loubet was assaulted on the race course, were arraigned in the tenth correctional court.

Many representatives of high society were present including a number of ladies in rich toilettes. The presiding judge in the course of his address recalled the fact that the Comte de Dion, one of the prisoners, was mixed up in a similar affair in 1880. After asking the accused persons to reply, the judge turned towards the Comte de Dion, who, he said, took the principal part in the affair. The Comte, in replying, affirmed that he was not a Royalist, but a Republican, adding that, however, he desired "another kind of a Republic."

Yukon River Open.

Port Townsend, Wis., June 15.—The Upper Yukon river is now open for navigation and the steamer Flora which left Dawson, May 25, arrived at White Horse June 13. One of her passengers, William P. Allen, of Seattle, who arrived on steamer Alki reports the Yukon river open for navigation at Dawson on May 17, nine days later than last year. The trip was made without difficulty until Lake Marsh was reached when the ice had to be cut in order to get through. He reports 42 loaded scows at Tagish. Between Tagish and Bennett, 50 more scows were passed, all loaded and bound for Dawson. Since the big fire Dawson has been the scene of business activity, sawmills having been running day and night, but have been unable to supply the demand for lumber. Every man who can drive a nail has secured employment.

Prices Still Raising.

New York, June 15.—Discussing trade situations, the Iron Age says: "In place of any check of the upward tendency in the iron markets prices are still rising all along the line and the feeling is growing more and more nervous. Consumption does not seem to be checked in any direction; on the contrary it is a question more of delivery than of price. While it is true that the bulk of current business in many lines is merely the covering of urgent needs, it is equally true that a disposition to take hold for next year's delivery at or near present values is developing.

Saw No Money Exchanged.

New York, June 15.—Chief of Police Devery was catechized before the Mazet committee as to what he knew about boxing matches as they are conducted in New York. Devery said he had attended a number of performances, but he had seen no violation of the law. He did not know, he said, that money was charged for admission to the Jeffries-Fitzsimmons exhibition; he did not see any money pass for tickets of admission. Under the Horton law boxing exhibitions may be given, only before club members, the contestants being also members, and no fee may be charged.

Heims Landed In Jail.

Fort Wayne, Ind., June 15.—At night an armed guard arrived from Columbia City, bringing Heims, the alleged criminal assailant who came so near being lynched at Auburn, the previous night. The man was placed in the county jail and a special guard provided. The officers state that the mob at Garrett, where the alleged assault was committed, has scouts keeping track of the prisoner. One of the girls alleged to have been assaulted by him died before the mob was formed. The second one is in a precarious condition at Garrett.

Rev. Pope's League.

Little Rock, Ark., June 15.—Rev. W. T. Pope, an educated colored divine, of McNeil, Ark., is taking the initiative in the organization of a league whose object is to elevate his race and help solve the lynching problem. It is the aim of the colored members "to prove our fealty to the state and respect for law and order." The name of the organization is to be the Co-operative League of American Citizens and white people are invited to become honorary members.

Arrest of Cashier Cocke.

Ashville, N. C., June 15.—W. J. Cocke, former cashier of the National bank of Ashville, which went into liquidation two years ago, was arrested here on a warrant charging embezzlement. He was indicted by the United States district court at Charlotte. Cocke gave \$5,000 bail. He claims he owes the bank nothing.

Son of Admiral Watson.

Danville, Ky., June 15.—At the annual commencement of Center college, the address to the Alumni association was delivered by the Hon. Adlai E. Stevenson, of Bloomington, Ill. In the graduating class was J. J. C. Watson, of Frankfort, son of Rear Admiral Watson, of the United States navy.

Epsworth League Muddle Adjusted.

Indianapolis, June 15.—The International Epsworth League convention will meet in this city as originally scheduled. The county commissioners tendered the use of the courthouse yard for the big tent, and the offer was accepted by the committee.

HON. R. P. BLAND DEAD.

The Novel Silver Advocate Passes Away at His Home.

FROM SLEEP TO OBLIVION.

Remains of Missouri Statesman Will Lie in State at Lebanon For a Day, the Funeral Services Being Set for Saturday.

Lebanon, Mo., June 15.—Hon. R. P. Bland died at 4:30 a. m. after a sleep of 32 hours.

Mr. Bland returned home when congress adjourned in March and soon suffered a relapse from an attack of lagrippe. For more than two months he had been confined to his home and his health gradually declined.

He thought he would not survive the attack from the first and showed his thorough knowledge of his condition. On the third of this month Mr. Bland suddenly grew worse and his sons, who

RICHARD P. BLAND.

were in school, were summoned home. For the first time the public were informed of his critical condition.

From time to time since then the patient showed signs of improvement, but the physicians in charge would offer very little hope to his family and friends. He continued to lose his vigor and grew weaker. On Sunday and Monday he presented an improved condition and his family took new hope and late Monday afternoon there were many expressions that Bland was getting better. About 10 p. m. Tuesday, however, he fell asleep and continued in that condition until death relieved him. His family is prostrated with grief, and all the community is bereaved. The funeral will take place at Lebanon at 4 o'clock on Saturday afternoon.

Mr. Bland's remains will be placed in the opera house and will lie in state for 24 hours. The funeral will be

INDICATIONS.—Fair to-night; fair and
warmer Saturday.

A WRITER thinks the Democrats can
better afford to be beaten with the silver
plank in their platform than to be
triumphant without it.

"THE customs tariff is mother of all
trusts." That's the verdict of Have-
meyer, who is at the head of one of the
biggest trusts in the business, the sugar
trust. Now the country knows who is
responsible for the tariff. For once our
Republican friends are cornered, and they
can't get out by simply "denouncing"
the trusts. Let them go to work and re-
peal the tariff.

EX-SENATOR BLACKBURN was right when
he intimated one of the gangs of political
"jinglers" and "traffickers" at Louisville
would try to get control of the approaching
Democratic State convention. There
is no doubt a scheme of that kind
has been on foot, and unless extra pre-
cautions are taken by the party authori-
ties the convention next week will be
overrun by Louisville ward heelers.

DEMOCRATIC MASS MEETING.

It Will Be Held To-morrow Afternoon to
Select Delegates to the State
Convention.

A mass meeting of the Democrats of
Mason County will be held at the court
house to-morrow afternoon at 2 o'clock
(standard time) to select delegates to the
State convention, June 21st, at Louisville.

Mason County has a worthy son who
is a candidate for Commissioner of Agri-
culture, in the person of Hon. J. M. Frazee,
and according to precedents, he will be
the only one to receive instructions.

All the other counties in the State will
also select their delegates to-morrow after-
noon, and there will be a hot time in
many of them.

promising amateurs will take place. Their
names will be announced Monday.
They have put together a good act and
their friends think and hope that they
will be successful. Manager Williams

General Conference to divide this circuit,
putting East Maysville and Stone Church
in one and Minerva and Dover in the
other. Should this move prevail, it will
give Dover much more regular preaching,
with a resident pastor. It seems to be
the universal desire on the part of all the
congregations on the circuit to make
this change."

Important Decision Rendered by
Court of Appeals in the
Insurance Cases.

The Court Holds That it is Not an Offense
For the Board to Fix Rates.

FRANKFORT, KY., June 15.—The Court of Appeals this morning reversed the decision of the Franklin Circuit and State Fiscal Court in the case of the Aetna Insurance Company and seventy-six others fined under the anti-trust law for conspiracy to fix insurance rates through the Kentucky and Tennessee Board of Underwriters.

Each of the insurance companies was fined \$250, aggregating about \$20,000.

The whole court concurred in the opinion written by Judge DuRelle except Judge Guffy, who dissents, except as to a minor point of service.

The decision is a knock-out for the Commonwealth's Attorney of Franklin, who had made a vigorous fight against the Board of Underwriters.

The opinion of Judge DuRelle holds in effect that the law does not reach this class of cases, nor can they be indicted and fined under the common law, as was contended by Commonwealth's Attorney Franklin. In other words, it is not an offense under the statute or common law for the Board of Underwriters to fix the rates.

MASS MEETING.

Citizens of Mason County Called to Meet at Court House Next Monday

To Consider the Turnpike Question—A Law and Order League May Be Organized.

There will be a mass meeting at the court house in Maysville on Monday afternoon, June 19th, at 1:30 o'clock to consider the "turnpike question" and "guard law" in all of their aspects.

Let all citizens who value the good name of Mason County and resent the aspersions being cast upon her, be present, and bring with them those who want to lighten the burden of taxation, and to see a valuable return for all public expenditures.

The citizens of Mason County have always stood for law and order, and do not now propose that a few reckless persons shall boldly violate the law and involve the county in expense, and yet escape punishment. If this can not be stopped without the organization of a law and order league, let such an organization be made at once. The people mean business, and are determined to suppress lawlessness whether in high places or low. By ORDER OF COMMITTEE.

Ghosts would frighten many people who are not afraid of germs. Yet the germ is a real danger. If this microscopic animalism could be magnified in a size proportion to its deadliness it would show like a giant python, or fire breathing dragon. The one fact to remember is that the germ is powerless to harm the body when the blood is pure. It is far easier to keep the germ out than to drive it out after it obtains a hold in the system. Dr. Pierce's Golden Medical Discovery is the most powerful and perfect of blood purifying medicines. It increases the quantity as well as the quality of the blood, and enables the body to resist disease, or to throw it off if disease has obtained a footing in some weak organ.

Wherever the digestion is impaired, the nutrition of the body is diminished, for the blood is made from the food which is eaten, and half digested food cannot supply the body with blood in quantity and quality adequate to its needs. For this condition there is no remedy equal to "Golden Medical Discovery." It cures ninety-eight out of every hundred persons who gives it a fair trial. When there is constipation Dr. Pierce's Pleasant Pellets will promptly relieve and permanently cure.

INSURANCE MEN

win a Victory in the Court of Appeals at Frankfort.

Frankfort, Ky., June 15.—About 80 foreign insurance companies, recently indicted and fined heavily in Franklin circuit court on the charge of conspiring together to fix insurance rates, won in the court of appeals in a decision reversing the judgment of the court below.

The fines assessed against the companies in this county alone aggregated over \$20,000, and in addition to this indictments have been found against them in nearly half the counties in the state.

The opinion of the court was unanimous except Judge Guffy. The companies affected are all those under the jurisdiction of the Kentucky and Tennessee board of insurance underwriters. Insurance men say if the judgment of the lower court had been confirmed all foreign insurance companies would have withdrawn from the Kentucky field.

Will Try to Adjust Differences.
Buffalo, N. Y., June 15.—The situation on the docks is practically unchanged. President McMahon, local 109, International Longshoremen's association, said that the scopers will probably not strike at present. President Keefe is expected and an effort will be made to reach an amicable settlement of the differences between the freight handlers and their employers.

State Bank Closed.
Monte Vista, Colo., June 15.—The state bank, a private concern, has posted a notice: "Closed till return of president." The bank also has offices at Hooper and Creede. Its nominal capital is \$80,000. The total liabilities given to the public at the last statement were \$25,554. The assets were \$114,469.

Deputies Swore In.
Nyack, N. Y., June 15.—A large number of men employed at the quarries of the Rockland Lake Trap Rock company, Rockland, struck for higher wages and threatened to destroy valuable property. Forty deputy sheriffs were sworn in. All were supplied with rifles, as trouble was expected.

Protest Against Military Rule.
San Francisco, June 15.—At a mass meeting held under the auspices of the labor council and affiliated unions, a strong protest was made against the maintenance of military rule at Wardner, Idaho. Addresses were made by Ex-Congressman McGuire, Judge High-ton, P. H. McCafferty and others.

Will Apply the English Idea.
Washington, June 15.—Adjutant General Corbin said it was the intention of the war department to apply the English system of maintaining at home one battalion of all regiments serving abroad to the troops to be stationed in Cuba and Porto Rico as well as the Philippines.

Peace Maker Shot.
Middleboro, Ky., June 15.—While acting as peacemaker between John Moore and Chrys Craft, at Rockhouse, Letcher county, William Maggard was shot dead by Craft. Craft fled to the mountains with an infuriated posse in pursuit. If caught he will be lynched.
